Lauren's Pick:

The Lunar Chronicles

Marissa Meyer's Lunar Chronicles is a New York Times–bestselling series of young adult novels that reimagine classic fairytales in a futuristic world where humans, androids, and cyborgs coexist. In the first book, a teenage cyborg named Cinder deals with her wicked step-mother, finds love, and discovers secrets about herself. As the series continues, Cinder forges an alliance with Scarlet, a spaceship pilot; Cress, an imprisoned computer hacker; and Winter, a Lunar princess. Along with a diverse crew that includes a soldier, a criminal, and a royal guard, they must work together to rise up against the evil Queen Levana to save the country and possibly even the world.

The Jane Austen Society

By Natalie Jenner

Just after the Second World War, in the small English village of Chawton, an unusual but like-minded group of people band together to attempt something remarkable. One hundred and fifty years ago, Chawton was the final home of Jane Austen, one of England's finest novelists. Now it's home to a few distant relatives and their diminishing estate. With the last bit of Austen's legacy threatened, a group of disparate individuals come together to preserve both Jane Austen's home and her legacy. These people—a laborer, a young widow, the local doctor, and a movie star, among others—could not be more different and yet they are united in their love for the works and words of Austen. As each of them endures their own quiet struggle with loss and trauma, some from the recent war, others from more distant tragedies, they rally together to create the Jane Austen Society.
