

Winter Weather Closing

The Library will be closed for weather whenever the Westville Schools are closed unless the weather has cleared up by the time the library is set to open. If it is a weekend or a day the school is not scheduled to be open, the library director will make the decision based on weather. Please check with this website for closings. No fines will be given for any day we are closed because of weather.

Organizations holding meetings on days we are closed for weather will be cancelled and will have to call the library if they want to schedule a make up date.
