## January 5th, 2023

Merry Knight is pretty busy these days. She's taking care of her family, baking cookies, decorating for the holidays, and hoping to stay out of the crosshairs of her stressed and by-the-book boss at the consulting firm where she temps. Her own social life is the last thing she has in mind, much less a man. Without her knowledge, Merry's well-meaning mom and brother create an online dating profile for her—minus her photo—and the matches start rolling in. Initially, Merry is incredulous, but she reluctantly decides to give it a whirl.

Soon Merry finds herself chatting with a charming stranger, a man with similar interests and an unmistakably kind soul. Their online exchanges become the brightest part of her day. But meeting face-to-face is altogether different, and her special friend is the last person Merry expects—or desires. Still, sometimes hearts can see what our eyes cannot. In this satisfying seasonal tale, unanticipated love is only a click away.
